Day 1 - Romanian Partners Visit Córdoba

On the first day of their visit to Córdoba, we welcomed our Romanian partners at the *Centro Cívico de la Corredera*. The day began with activities designed to develop emotional intelligence skills, encouraging students from both schools to collaborate and engage with one another.

In the afternoon, the group split up for two exciting activities. Some teachers visited the iconic Mezquita-Catedral, exploring its rich history and architecture, while others participated in a gymkhana in Córdoba's historic center, discovering the city in a fun and interactive way. The day was filled with learning, teamwork, and cultural exchange, creating a memorable start to the visit.

DAY 2:

On the second day of their visit, students and teachers participated in morning activities led by Poderío and FORC. These workshops focused on teamwork, social interaction, and emotional intelligence, providing opportunities for students from both schools to collaborate, enhance their self-confidence and personal growth.

In the afternoon, we held a final conference in the school's auditorium, where students and teachers shared their experiences, reflected on the skills they had developed, and celebrated the achievements of the exchange. The day concluded on a high note, leaving everyone inspired and motivated by the fruitful collaboration and the friendships formed.

DAY 3:

On the third day, students visited the historic site of Medina Azahara, exploring its archaeological remains and learning about its cultural and historical significance. The visit offered a hands-on experience, allowing students to deepen their understanding of Córdoba's rich heritage while enjoying an educational and interactive excursion.

... in the meantime

Meanwhile, representatives from each participating organization met to review the quality plan and the final project report, evaluating the outcomes of the Erasmus+ exchange and discussing ways to improve future collaborations. This meeting ensured that the project's objectives were fully assessed and that lessons learned would guide upcoming activities.

See you soon, dear friends!
